

STORAGEBIRD LAN

Networked storage

Issue January 2006

Pages 2

The STORAGEBIRD LAN is an external hard disk drive which provides 160 or 250 GB of storage for music, photos, videos and data files. Featuring high-speed Ethernet interface the STORAGEBIRD LAN is perfect for both home and office users and easy to install at the Ethernet port of the Router, PC or Notebook. Storing and sharing of data have never been easier!

- External 3.5" hard disk with Ethernet interface
- 160 or 250 GB additional storage for your home network
- Storing and sharing of miscellaneous data (music, photo, video and backup files)
- Shares files over LAN as file server (SAMBA) and Internet as FTP server
- Fits with its stylish design in each modern living room
- Ease of use – installation, operation and administration are easy in just a few steps
- Plug & Play
- Powered via external power supply
- Aluminum enclosure with internal cooling fan for continuous operation
- Automatic Power Management

Physical specifications
